# AN END TIME REVELATION

with Rabbi Jonathan Cahn

**Your new book, *The Josiah Manifesto*, comes out next month?**

**RJC:** In *The Josiah Manifesto*, I'm going to open up some of the most stunning, critical, and recent mysteries that have shaken and changed our world. The book will reveal how the events that have been overtaking America in recent years, are not accidents, but go back to a word God gave in ancient times, the 'secret story' behind all these things that have taken place according to the ancient template.

The *Josiah Manifesto* will reveal the island of mysteries, the child of the Nile, the agents of heaven on earth, and much more. And in many ways, it's going to be a prophetic 'landing field' where many of the mysteries I've opened in the past, from *The Harbinger*, *The Paradigm*, *The Oracle*, to *The Return of the Gods*, are going to come in for a prophetic landing!

**What is the manifesto?**

**RJC:** In *The Josiah Manifesto*, I will take the reader on a prophetic mystery tour to uncover and put together a colossal prophetic puzzle. The journey takes the reader to an island in the Caribbean, then to the gates of America, to a prophet and an ancient valley, and much more. When the pieces come together, they will reveal a key. The key will open the door to an entirely other revelation – one that I believe God is giving to us for this specific hour and for the end times - the answer. In other words, the mysteries will all converge to open a blueprint, a manifesto, a guide for the believer, what we need to know, in order to stand and prevail in the days to come – and in the end times. In that sense, *The Josiah Manifesto* is unlike any other book I've written in that it contains the key and the answer for our days

**How did God reveal this new insight to you?**

**RJC:** It came unlike any other book I've written. On the very day I finished my last book, *The Return of the Gods* – something gigantic took place in America. It was no accident. In fact, when I was about to start *The Return of the Gods*, someone gave me a prophetic word and vision that spoke of what I would write (the person had no idea) – and what would happen when the word was complete. It was that event – and that day that the book was finished – that God began giving me what would become *The Josiah Manifesto*. So *The Return of the Gods* led into *The Josiah Manifesto*.

**You explain that a 3,000 year old calendar may hold the key to understanding recent dramatic world events! Can you tell us about one of those?**

**RJC:** God gave Israel a sacred calendar of "the moedeem" or the appointed times. The amazing thing is that in the most dramatic year of our lives – every major event followed the order, the template, and the pattern of the ancient calendar, even down to the exact days on which they fell. To give you an example, the plague that came to America followed the ordaining of an ancient holy day. The riots that spread across America followed the mystery of another. One of the ancient holy days is actually linked to a court, the Judge, and a judgment. On that exact holy day, in that exact hour, God

altered the Supreme Court, caused a Supreme Court justice to 'pass from the earth,' and began altering the history of America!

**How does understanding these ancient mysteries help us as we look to the future?**

**RJC:** The mysteries revealed in *The Josiah Manifesto* are exactly that – They reveal where exactly we are now – and where it's heading – and what we need to do in view of where it's heading – and what is yet to come. It contains both a prophetic warning and a hope.

**We know that Israel is key to God's plan for the End Times. Do you believe that America will be among the nations supporting Israel in the Last Days?**

**RJC:** I believe the answer is yes and no. Yes, America is standing with Israel right now. But no, the Bible says that in the last days *all nations* will come against her. One of the principles now manifesting is that as a nation turns away from God, it also turns away from Israel. That carries an ominous warning not for Israel – but for America.

**As God revealed these mysteries to you, what is one thing that surprised you the most?**

**RJC:** How incredibly precise the hand and workings of God is. The book reveals mystery after mystery that manifested or came true on the exact appointed day. The book is also unique in that for the first time I reveal what I actually witnessed with my own eyes or that I was a part of – mysteries and events that came to pass – not only on the appointed day – but at the appointed moment!

**Many believe that it's too late for America to turn around. Has God revealed anything to you that would give readers hope for our nation?**

**RJC:** God is never finished. There's always a way to glorify Him, to fulfill His will, and rise to your calling. In fact, the darker it is around you, the more crucial is your calling, the more powerful will be your witness, and the greater the anointing will be yours. Yes it's dark, but these are biblical times – the most exciting of times!

**What is one important thing believers can do to prepare for the End Times?**

**RJC:** There's so much, but we can start by each weaning ourselves from the world and getting more all the more rooted, plugged in, connected to God, His presence, and His power.

**Why do you believe God is revealing His plans to us in this season?**

**RJC:** Because He wants us to be ready, to not fear or be shaken, but to rise to the calling for which we were placed in our mother's womb – for such a time as this!

**What do you believe is coming next on the prophetic timeline?**

**RJC:** We pray for revival. But apart from that look for the continued apostasy of America, the weakening, and shakings of our nation. The dark will grow darker – but the lights of God will grow brighter.

EPICENTER FOR THE  
APOCALYPTIC COUNTDOWN

High above the city, a large black metal drone soars slowly through the sky. It peers down like an eagle on its perch. On the ground below, scaffolding stretches upward framing the newly constructed temple. It glistens against the midday sun as it towers over the once-ancient, now-modern capital of Israel.

At the Western Wall, a growing crowd had gathered to hear the message and witness the wonders displayed by the mysterious two witnesses. They stood atop the wall's edge. Their voices boomed with authority as they spoke of the soon coming Kingdom. At a distance, protestors jeered and gnashed their teeth, but few dared provoke their anger. They had witnessed, in the 1,000 days since the appearance of these two, the awesome power they wielded against those who attempted to silence them with violence.

The world watched, fixated on this singularly enigmatic moment in time. How had a city that fell and crumbled into the dust of history returned to be the focal point of the entire globe? What caused this tiny nation to be the focus of such disdain from the new global leader that arose suddenly and seemed to be the answer the world was looking for?

While this may sound like the latest blockbuster to hit the big screen, these events are actually a mystery revealed nearly 2,000 years ago in the pages of the Book of Revelation. Now, it appears that we are on the verge of these prophecies becoming a reality, and this city holds the key to understanding it all.

Join author and speaker Perry Stone for an in-depth look at why the capital of Israel is so important and how the stage is set for the final chapter of human history. In this exclusive DVD, *Jerusalem: Epicenter for the Apocalyptic Countdown*, you'll discover God's plan and purpose for Israel and its capital and how it connects to the Last Days. With your special gift this month, you'll also receive the decorative *Watchmen of Israel Certificate* commemorating your love and support of the Land of the Bible and the Jewish people.

Unlock this powerful truth about the End Times! Bring home a copy of *Jerusalem: Epicenter for the Apocalyptic Countdown* as a special thank you give when you used the enclosed form to give to Daystar to help take the Gospel around the world.

Hello, Daystar family!

What an incredible start to this next chapter in my life and in the growth and expansion of Daystar! God has been doing some exciting and incredible things that I can hardly wait to share with you.

First, I want to thank you all for your prayers and support for myself and Doug. Many of you have called or written in to express wanting to see the wedding. So, we will be sharing it on Daystar this month. Be sure to keep an eye out for that!

You may also have noticed that Doug has joined me in co-hosting *Ministry Now*. He is doing a great job, and I want to personally thank you for all the support and encouragement you've sent in. I just want to highlight a few that we received. Rose from Denton, TX, wrote, "Congratulations to Joni and Doug on their new beginning! God is a matchmaker, and He has certainly done well!" Laura from Tulsa, OK, said, "I pray that God's divine peace and glory would overtake your lives and that the joy of the Lord would be your strength." And Wanda from Bentonville, AR, shared, "I have so much respect for Joni and am so very happy for her and Doug. I will continue to enjoy watching Ministry Now with them!" And we received so many more loving comments just like these. You've also shared how you are enjoying watching *Healing Times with Dr. Doug Weiss* right here on Daystar, Wednesdays at 9am ET. I just want all of you to know how much this means to Doug and me, and we will continue to follow the guidance of the Holy Spirit, standing for truth and taking the Gospel to the nations.

As part of fulfilling that mission, *Joni Table Talk* has expanded its reach to include broadcasts on secular platforms.
