Adventure & Blessing
JONI LAMB

After the difficult loss of a loved one, I was laid off from my job and had to sell my home. It was such a difficult time for my family, but Daystar was there to pray with us. Within months of reaching out for prayer, I received a new job and found a wonderful new home. Thank you for praying with us!

LIVING A LIFE OF POWER

with Benny Hinn

How would a Christian's life change if they understood the power of the cross?

BH: The power of the cross is what the Christian life is all about! Because the cross of Jesus is the throne of the universe. It's the only place where we're safe from the devil and the power of the devil. So the cross is not just a past experience for us believers, we carry it with us. If you look at Romans 6:1-14, it talks about death to self, death to the world, death to sin, death to the things of the world. That's what the cross is about. We identify with the Lord on that cross. He took our sin, He died once. We identify with His death and we say no to the world as a result. Because the Bible says we are dead indeed unto sin and alive unto God, so the Christian life begins when we accept Jesus as Savior. At that moment, we are free from the penalty of sin because of the work of Calvary on the cross. But then, we have to follow the Lord. And in following the Lord, and walking with the Lord, eventually we will be free from the power of sin as we live the Christian life. What is the Christian life? The Christian life is very simple, given to us in Matthew 16 and Luke 14. The Lord said, "if any man will come after Me, let him deny himself, carry his cross and follow Me." That's the Christian life. The Christian life is not about me, it's about Jesus in me. It's about surrender. The outline of the Christian life is not 'try harder,' it is "yield." That's the cross. That's what is meant by the cross. When we embrace the cross of Jesus, we embrace its shame - meaning persecution and offense. We embrace its weakness, coming to the end of ourselves and saying, 'Lord I trust You.' And we also embrace death. That message today is hardly preached - dying to self, to the things of the world - but that's what the early fathers talked about, that's what the early church talked about, the cross.

Most people relate the blood of Jesus to salvation, but how is it so much more than that?

BH: Oh, it's very much more than that. Because we apply it. In Job, it declares how Job offered a sacrifice daily on behalf of his children, he was applying the blood over them. And when the devil went before the presence of God, he said, "Well, You have built a hedge around him. I cannot touch him." Well how did Job build the hedge? By applying the blood! And if you read the Scripture it's quite clear, that the devil says to God, "You have protected him, you have protected the work of his hands, and all that he has." Meaning that he was applying blood on that. There's great power in the application of the blood. I've experienced the great power of the blood for protection. We remind the devil of his defeat when we say the blood of Jesus. And demons flee in fear when we say the blood of Jesus. We believe there's power in the name of Jesus, but there's also power in the blood. When we declare its power, demons remember their defeat and flee! That's why it's important.

In *The Blood*, you reveal the importance God places on Blood Covenants. Tell us about that.

BH: Well, without the shedding of blood there is no covenant.

Every covenant is sealed with blood. Think about it, every covenant God made: Adam, Noah, Abram, Isaac, Jacob. There had to be a shedding of blood for the covenant to happen. Remember what happened with Adam? The Lord killed the animal and gave him a covenant. So, God is the one who slew the first sacrifice and the last sacrifice.

The blood of the first lamb covered Adam, but the blood of the last lamb covers us. Hallelujah. And Adam told his son, that's why his son brought the blood of an animal to God. And later, Noah understood the power of that to know, I'm coming out of that ark, I'm going to apply the blood to break the curse on the planet. And then comes Abram, into the Promised Land, and if you read clearly, the first thing he did, he built an altar. He applied blood. Isaac, the minute he received the promise, he applied blood. Jacob, he comes back from the house of Laban, builds an altar. They understood. There is no access, no blessing, and no covenant without the blood. Period. So God made a covenant with us by the blood of His Son.

Why do you believe that some people see miracles happen and others don't? Is it possible for every believer to walk in that power?

BH: Because they don't believe the covenant! I was once told, "believers are healed because of God's covenant with us, but the sinner because of His mercy." We have a covenant, a healing covenant, with God. People are just not believing in the covenant. If you walk in covenant, it's just as easy to get healed as saved - it's the same covenant.

When God brought Israel out of Egypt, He gave them what? The covenant of salvation, when they came out. He said apply the blood on your

homes, and they were delivered! That's the salvation of Israel, Exodus, Passover. But then before they went into the Promised Land, He made another covenant with them of healing, in Exodus 15. So they came out with a covenant to be saved from Egypt, and the bondage of Egypt when they applied the blood on the Lintel and the Sideposts. But then God gave them another covenant before they entered into the Promised Land. He said If you would walk in my statutes, and so on, I'm the God that healeth thee. And that's why they were healed. It's the covenant!

You have served the Lord for over fifty years, and spent decades sharing His power with the world. If you could sum up your life's message, what would it be?

BH: The cross. The cross. Now, when I began to speak, and still to this day, I talk about the Holy Spirit, the person of the Holy Spirit - that's been my heart's message. But if you really look at it, the real message is the cross of Jesus. Because there would be no power of the Holy Spirit without it. There would be no presence of God without it. I'm glad I've been able to introduce the Holy Spirit's power and presence and especially personality to the world. But I think there's a more important message that God gave me in the early days and now it's becoming more intense. The cross of Jesus. We have nowhere else to go, nowhere else to hide, but behind the cross. And that's where the power really is anyway.

*There is
no access,
no blessing,
& no covenant
without the
blood. Period.*

THE BLOOD

BENNY HINN

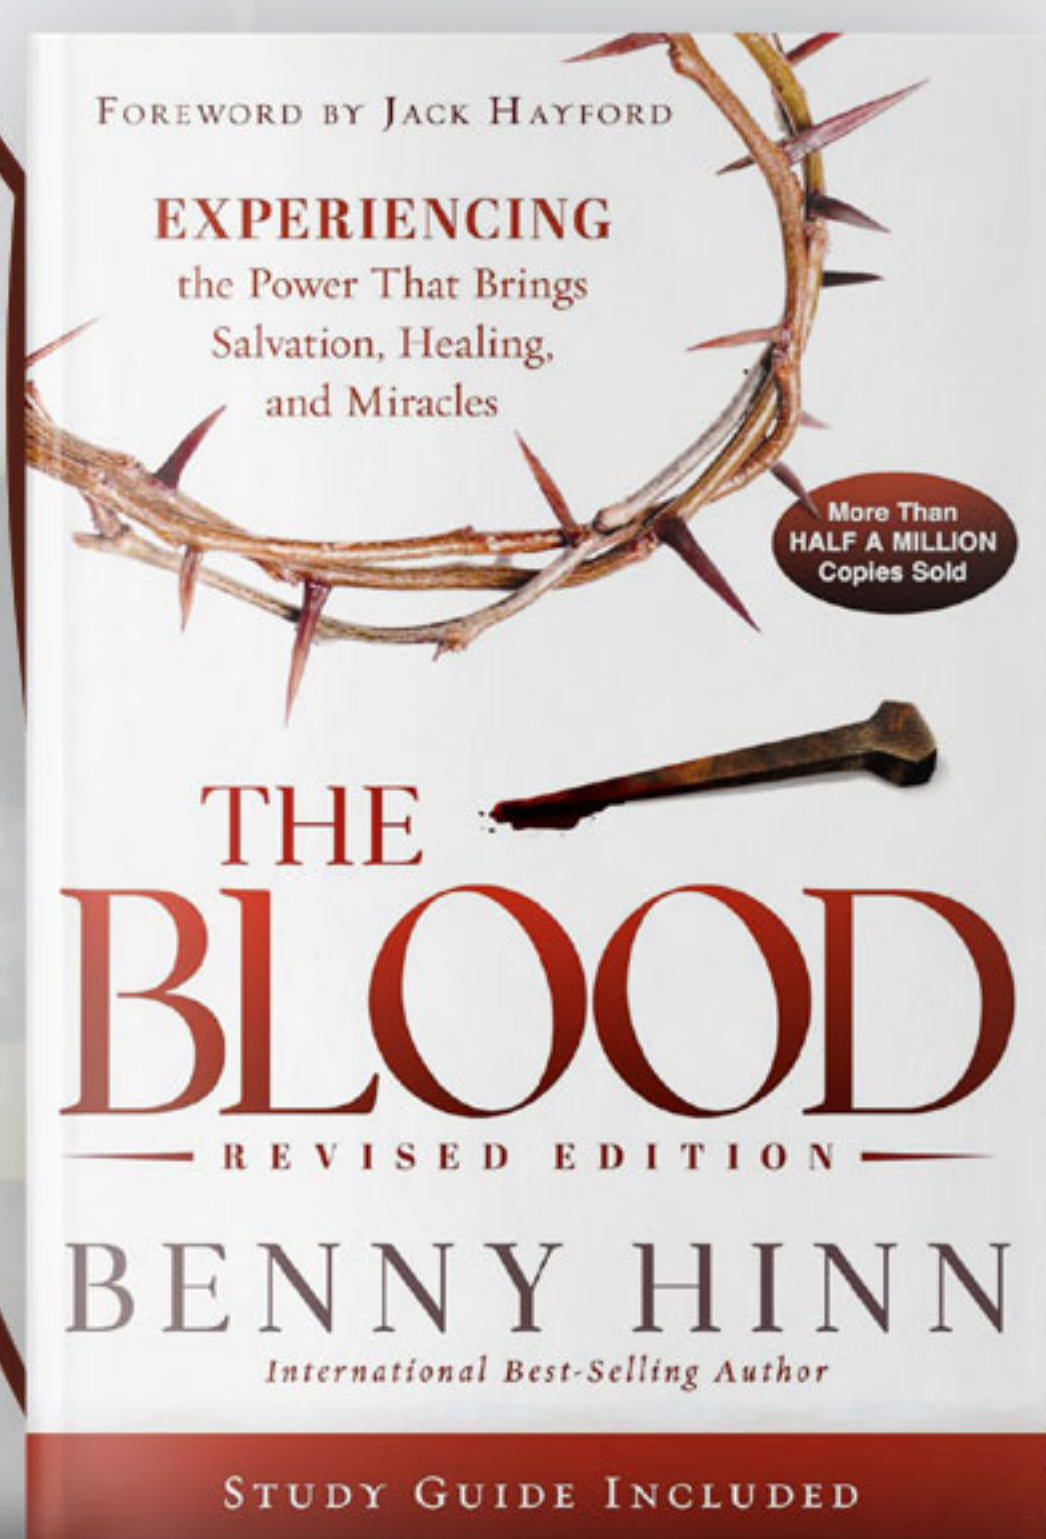

A young man with pale skin and dark curly hair lies restless in his bed. He stares at the picture of his young daughter. His mind mulls over the mistakes that have led to her being removed from his life. This is his third stint in rehab. He pulls out a Bible his aunt gave him. Will this finally lead him to freedom?

It's a cold morning, and a young Hispanic woman sits alone on a bus bench. The sky is just starting to glow with the hue of sunrise. She prays as she waits, hoping for a miracle. As she boards the bus heading to the hospice care facility, she wonders if today will be her last day with her mother.

In the heart of a children's cancer hospital, a little girl rests quietly. The beep of her heart monitor pounds like a drum in her dad's ears. Dad sleeps in a chair next to the bed holding her little hands. Every day their little girl's health seems to slip more and more away. Walking down to the hospital chapel, he pours out all his anguish in prayer, asking for God to heal his daughter.

The reality is that there are countless stories just like this every day. Many have sown tears and sleepless nights over heart wrenching situations like this. **What can bring them hope? What can break through their circumstances?** World Renowned Evangelist Benny Hinn offers insight and answers for these hard life questions in the newest edition of his beloved book, *The Blood*.

Discover the amazing gift and power of what Jesus did on the cross as Benny Hinn takes you on a journey to discover the importance God places on blood covenants, what it means to fear God, how to enter into the Holy Spirit's presence through the blood of Jesus, and more. STORIES FROM THE TABLE

In celebration of Valentine's Day, we're taking a look at some of the incredible stories shared from the Table this year! These love stories have it all...from tragedy to triumph to plot twists you never saw coming! The one thing they have in common? A loving God who was faithful to finish what He started for them! (And He'll do the same thing for you, too!)

They're all available
On Demand right now at

Hello, Daystar family!

Can you believe we are already one month in to 2024? We've already had new launches, exciting adventures, and more. But before we get to that, one of my favorite things about the month of February is the celebration of all the amazing contributions made by African Americans throughout our history here in the United States.

So, in honor of Black History Month, I wanted to highlight my dear friend and new Daystar programmer, Dr. Kynan Bridges. He is a dynamic minister of the Gospel who has done such a tremendous job at Grace & Peace Global Fellowship in Tampa, Florida. As a guest on *Joni Table Talk*, he has impacted so many of you with his insight and teaching, and we are so excited to now have him as part of our line-up with his program *Your Miraculous Life with Dr. Kynan Bridges*.

I also want to take a moment to remember my beloved friend and Daystar Singer, Benita Arterberry. As many of you know, she went home to be with the Lord recently. She was such a tremendous blessing in my life, and we will miss her so much. But despite it being a hard loss for us, we know that she is in the presence of God worshipping the One she loves most, Jesus.

This year has also seen its share of adventure and blessings, and I want to highlight some of those for you. We've just recently returned from a trip to Australia to be part of the *2024 Planetshakers Conference*. It was a powerful time soaking in the presence of the Lord, and it's always fun to share that with our favorite Aussie, my son-in-love Joshua Brown, and my daughter Rachel Lamb Brown.

As I mentioned earlier, Daystar has a new launch that I want to share with you. In Australia, we recently launched on Channels 102 and 670 on VAST, a free-to-air satellite television platform. This is in addition to our already great coverage there via Foxtel and the IS-19 Satellite services!

God is doing big things around the globe, and you are helping change lives! We are continuing to pray for and support Israel in the ongoing Gaza War. Currently, Daystar is helping rebuild the various Kibbutzes directly affected by the attacks back in October, helping restore communities so those displaced can return home.

And it's all thanks to the love and support of partners just like you. Thank you for loving Israel and loving the Gospel. We pray the Lord continues to pour out His blessing over you in 2024.

Yours for Christian Television,
