Great Anticipation
JONI LAMB

In February, I called the Daystar prayer line for my daughter who was diagnosed with Stage IV breast cancer that traveled to other parts of her body. Every month, I would call for prayer and update on her condition. She is now rapidly improving and no longer needs chemotherapy! Thank you for being available to people in need all around the world. The prayer line was a life saver at times for me and my family. I love and appreciate Daystar so much!

2024 PROPHETIC FORECAST

with Troy Brewer

Can you share with us some key themes or messages that you believe are important in the prophetic forecast for the year 2024? What insights have you received about the upcoming year?

TB: Well, first off, I want to say that 2024, like the year 2020, is the beginning of a new era. EVERYTHING changes this year. We're moving into an unprecedented time and because of that, we're going to have to know how to hear the voice of the Lord in a brand new way. Just like Malchus in the garden. Peter cut his ear off, but King Jesus healed him and gave him a new ear to hear!

Can you provide insight into how individuals and communities can spiritually prepare for the challenges and opportunities that may arise in 2024 based on your prophetic insights?

TB:

- Be a person of prayer and intercession – 24 Elders, 24 Priests
- Be a good and wise steward of the things the Lord has entrusted you with. (Matthew 24:47 & Genesis 39:6)
- Depend on the deliverance and encircling protection of God Almighty. And watch for His deliverance and acts in the midnight hour: At midnight I will rise to give thanks unto thee because of thy righteous judgments. – Psalm 119:62 (Matthew 25:6 & Mark 13:35)
- Steward the covenants you enter into and be sure they line up with the covenants of God – ring of fire eclipse & Zechariah 2:5
- Have a new ear to hear the voice of the Lord this year – Malchus

In your prophetic forecast, do you see any specific breakthroughs or advancements in technology, science, or medicine that will have a positive impact on humanity in the year 2024?

TB: I think that AI and transhumanism are going to make further leaps and bounds this year and I want to encourage everyone, do not be deceived! The whole trans-agenda is a prime example. And let me say this, transgender + transhumanism = transgression.

The demonic goal behind these agendas is to get us to become so trans that we're unredeemable. I believe that's why those who receive the mark in the book of Revelation can no longer be redeemed. They've bent their knee to some sort of dna-technological trans thing where they are no longer sons of Adam, in line and part of the creation of the antichrist himself. The world is ramping up to revelation this year.

Given the current state of the world, how do you see the Church's role in shaping the events of 2024? What responsibilities and opportunities do you believe the Church has in the coming year?

TB: I believe that the Church should always be a physical demonstration of the goodness of God in the land of the living.

This year especially, we should be contending for the godly covenants that both the nation of Israel and our nation, the United States, were founded on.

We need to be loyal to the heart of King Jesus and seeing His righteousness made manifest.

We need to hear the voice of the Lord, and line up our mouths with what He is saying. We're still in the decade of the Pey (80 – Pey: mouth, speaking, prophecy) so declaring what the Father is saying is paramount!

We have to stand for children and that means rescuing kids out of sexual trafficking. Be a strong voice against pornography. Christians need to run for school boards, national and political boards. If the Church doesn't stand up for God's people and God's Kingdom, there is nobody else coming. We can no longer wait on the sidelines waiting for people to show up. Feeding people, sheltering people, standing for people are the roads of Jesus.

Are there any warnings or cautions you would like to share with believers regarding potential challenges or pitfalls they may face in 2024?

TB:

- Don't get caught up in the woke mob!
- Do not partner with an agenda against Israel – it is in covenant with God Almighty, just like we are, and the United States!
- Do not put your head in the lap of media-Delilah!
- *Be resolute to determine your courage and bravery or be on the losing side. Weak-kneed and limp-wristed leadership is being replaced.*

What role does faith play in navigating the uncertainties of the year 2024? How can individuals strengthen their faith to face whatever may come?

TB: Proverbs 20:24 – *A man's steps are of the LORD; How then can a man understand his own way?*

We walk by faith, not by sight. Faith comes by hearing, and hearing by the Word of God. Know the voice of the Father and put action behind your faith, obey! Being led by the Spirit and walking by the Spirit is everything.

Looking beyond the year 2024, do you see any continuing trends or shifts that will shape the years to come?

TB: Everything changes this year. So, I think moving forward, we're going to be in unprecedented times. I don't know that we'll be able to depend on the things we used to be able to depend on. However, I do know this, Jesus Christ is resurrected from the dead. He has overcome the world and given all power over to us to tread on serpents and scorpions. The Father is a good Father, and He never abandons His people.

We can trust His heart, even when we can't see His hand. But know this friends, the arm of the Lord is not shortened and He will preserve and protect us by the power of His outstretched arm!

The Church should always be a physical demonstration of the goodness of God in the land of the living.

THE JOSIAH MANIFESTO

RABBI JONATHAN CAHN

Under the darkening ancient sky, torches danced and raged against the blowing wind across the Valley of Hinnom. Eitan and Shira walked up the path to the high place of sacrifice. The young couple held tightly to their newborn baby. Times had been hard, and they had heard this place held the answers. Before them, a priestly figure stood waiting in front of an open pit of fire. His eyes seemed welcoming. He offered the couple a choice – the promise of a better tomorrow for the life of the child or the risk of an uncertain future.

Across the distance of time – thousands of years, in fact – a pregnant woman sat in her car. Rain trickled against the windshield. The words of the protesters she'd seen on TV echoed in her ears. "It's just a clump of cells; it's your right to choose." She was confident that focusing on her career was the right thing to do.

The uncertainty of life can be a strong influence in our lives, but what if our choices were playing out an ancient cycle that connects our modern world to a mystery that stretches back thousands of years? And could understanding this mystery hold the key to navigating the days we find ourselves living in? From the calamity that befell the Valley of Hinnom to the war, civil unrest, and an economic instability we see today, are we racing toward a similar fate?

In his latest book, *The Josiah Manifesto*, Jonathan Cahn unpacks the link between the events of ancient Judah and what we see happening in our world and shares hope for how you can live in the Lord's favor as King Josiah did despite the evil that surrounded him.

Find strength and hope for your life today and help support the Jewish people in a tangible way! Get your copy of Jonathan Cahn's book *The Josiah Manifesto* as our thank you gift when you make a special donation this month to bless the land and people of the Bible by using the enclosed form. You'll also receive our special *Contender for Israel Certificate* to commemorate your love for God's Chosen People!

PRESENCE

2024 PLANETSHAKERS CONFERENCE

Are you ready for the PRESENCE?! Don't miss Presence, the **2024 Planetshakers Conference** coming to you from Melbourne, Australia this month on Daystar! Join us **January 15-17** for this special event that will invite God's tangible presence into your home to transform your life. When you tune in, you'll hear powerful messages of faith from anointed ministers around the world like Pastor **At Boshoff**, Pastor **Samuel Rodriguez**, Pastor **Jason Lozano**, and **Reggie Dabbs**! Plus, experience the power of praise through dynamic worship from **Planetshakers Band**!

This is more than just an event; it's a movement. A movement of passion, authenticity, and the power that comes when we position ourselves with hungry hearts to encounter God's presence and be transformed for eternity.

Mark your calendar and make plans to watch Planetshakers Conference January 15-17 only on Daystar!

[DAYSTAR.COM/PLANETSHAKERS](https://www.daystar.com/planetshakers)

Hello, Daystar family!

Happy New Year! I hope you all had an amazing holiday season! It's already shaping up to be an exciting year around here at Daystar. 2024 has some amazing things in store, and I can hardly wait to share them with you. So, be sure to stay tuned!

We already have another exciting new launch to announce to you. Daystar is now broadcasting to millions of homes across Togo, Africa through CAV Media. Now local residents can watch all of our dynamic, anointed lineup of programmers on the free-to-air, direct-to-home platform on channel 24. Please pray that the Gospel message blesses and touches hearts across the region.

I am also excited to once again visit the great nation of Australia for Planetshakers Conference! It is always such a powerful time of worship and soaking in God's presence. Daystar will be broadcasting the conference, so if you can't attend, be sure to tune in January 15-17.

There is so much anticipation in the air for 2024. I recently sat down with Shawn Bolz, and he shared with me a powerful word that I had to pass along to you because it was so encouraging. He had a vision of Marcus with about 8 other people who had sown into Daystar, they were surrounding a prayer fire and releasing with Jesus everything that is needed for this next season. He went on to explain that this year will be marked by momentum. There will be a multiplied factor of being in all these new places and spaces in a short amount of time. He talked about a new measure of production coming to Daystar moving forward. He said God will be sending new people our way and opening new doors, and it's all for such a time as this! Please continue to keep us in prayer as the Lord brings this word into fruition.

Also this year, I will be releasing a brand-new book entitled *Through the Storm*. I am currently working on completing the manuscript. In it, I will share about the various storms God has brought me through in my life, giving truth to some of the events that have taken place and the Lord's faithfulness through it all. I'll be sharing more information as it becomes available about its release and where you can find it.

And I just want to personally thank all of you for continuing to stand with Daystar and your commitment to sharing the truth of God's Word with the nations. Please continue to pray for me and my family as we work to see more souls receive salvation in 2024, and I am believing for God to pour out His favor over your life this year in a powerful way.

Yours for Christian Television,

Joni Lamb
Co-Founder & President
Daystar Television Network

I love Daystar! I have watched every day since I found you in 2022, right as Joni was stepping into her own strength after Marcus graduated. I was so moved and impressed by her, all the Lambs, and the Daystar family. It has become a lifeline for me! Thank you for speaking life and truth in Jesus!

Linda from Canada

I have watched several Israel Days on Daystar, but the last one was special. I felt the Holy Spirit speaking to me to give 1,000 dollars. By faith, I did. The very next day, I received an email saying I had been chosen to receive a 5,000 dollar grant that I never applied for! Praise God! Thank you, Daystar, for standing with Israel and preaching God's Word to the nations.
