# TRUTH FOR TODAY'S CHURCH

with Lance Wallnau

**You are known for tackling current events. How important was the overturning of Roe v. Wade, and in the wake of such a monumental decision, what is your challenge to the Church?**

**LW:** Overturning Roe didn't take place overnight. It was a 50-year struggle. Likewise, the school prayer issue was reversed decisively in the coach Kennedy Supreme Court Case. That was a 60-year struggle, and most Christians are still unaware of how monumental that decision was. Many have felt that abortion is an issue that hangs over the nation like a curse. That curse has now been lifted in terms of its legal mandate from the federal government. Now the battle goes to the states. This is a far more profound development than most people think because it reveals that each state and region of the country will decide its own estimate of the value of human life. From my perspective, the entire world is entering a period much like the valley of decision in the Bible. Eventually, individuals, nations, regions, cities, and states will define their status as Sheep or as Goats. The sheep value the individual, and the goat does not. What surprised both sheep and goat nations in the parable Jesus taught in Matthew 25 is the discovery that the way you treat the individual is the way you treat Jesus, "as much as you have done to one of the least of these you have done to Me." It should not surprise us that the same world that could kill the spotless Son of God would be capable of killing babies. Already some states like New York and California are telegraphing their intent to be abortion sanctuaries. Even companies like Uber have gone public with their sympathetic alignment with the abortion industry.

Conversely, Texas and Florida are commonly seen as sanctuaries for Christian liberty and pro-life values. In the end, the Church will have to step up to the challenge of adopting children that are not aborted. The Church has a great opportunity in this regard to care for and support single mothers and the challenging task of helping them raise children.

**It's also important that we pray for our leaders even if we don't agree with them. How does that principle align with Scripture, and why must we take it seriously?**

**LW:** A lot of us miss what Paul said about praying for rulers. The aging Apostle admonished Timothy to pray and intercede and give thanks "for kings, and for all that are in authority; that we may lead a quiet and peaceable life in all godliness and honesty." (1Tim. 2:2)

Now add what Jeremiah said hundreds of years earlier as the Jews were going into captivity in Babylon: "Seek the prosperity of the city to which I have sent you as exiles. Pray to the LORD on its behalf, for if it prospers, you too will prosper." (Jer. 29:7) Putting those verses together, we pray for rulers because what they do affects us and our prosperity! If they start a war, lose

a war, cut off energy, shut down church services, crash an economy, or open the borders to criminals and drugs, it all impacts you and your house.

This is where Christians involved in the heated battle over government can make a mistake. Nowhere does the Bible say to pray *against* others. Instead, we are admonished to pray *for* rulers. Do you really want to curse the pilot while you are stuck on their plane till the next election cycle?

Pray *for* not *against* rulers because your prayers may be protecting them from decisions that will bring you and your nation more significant harm. Pray for God to raise righteous people to answer the leadership call. Also, included in Paul's prayer are "those that are in authority." There are two types of rulers, decision makers and influence shapers. The underground Church in various nations uses the Seven Mountain template to identify "those in authority," such as influencers in arts and media, and have won many of them to the Lord. I tell people to

identify the top three influencers in local education, government, sheriff/police, media, banking, business, and religion. In many places, the prayer target involves an evil character like a local drug lord or criminal organization. You can pray for conversion while binding the devil and asking God to expose their operation. There are lots of angles to this strategy. Pray this way and watch what happens! Divine appointments and sudden conversions occur. It may be a son or

daughter or wife that gets saved in a wicked ruler's house. I've seen it over and over

**You are also in tune with what the Lord wants to address in our world. What has God placed on your heart to share?**

**LW:** God is doing a work in our day that is bigger than we realize. In nations worldwide, there is a realignment taking place between Sheep nations and Goat nations. The final harvest is maturing, and the tares (children under the influence of the wicked) and the wheat (children under God's persuasion) enter an accelerated development phase. Religious reformation is at work as nations, especially those with Christian missionary influence, are pushing back on the new world order. The E.U. is setting itself in opposition to Hungary, Poland, Italy, and every form of populist alignment against the powers of centralized government. The same thing is happening in the United States as individual states assert their own sovereign power to govern according to the rights guaranteed by the founders in the Constitution and Bill of Rights. These natural geopolitical contests run parallel to the spiritual battle over territory as the fundamental issues in each state and nation keep returning to different views over the state and its impact on the people's opinions of God, family, and culture. Revival and reformation are about to combine and collide with the power of darkness as the End Time harvest of souls and nations comes in!

Pray for God to  
raise righteous  
people to answer  
the leadership call.

# SECRETS & SYMBOLS

The sun glistened against the stark blue sky as President Washington stood, dressed in his masonic attire. This was to be a momentous occasion. The date was September 18, 1793. In a ritualistic ceremony rooted in his secret society membership, Washington laid the cornerstone of the U.S. Capitol in the building's southeast corner. This would forever mark the Mason's direct link to the vision of America, but was their vision different from what we think of today?

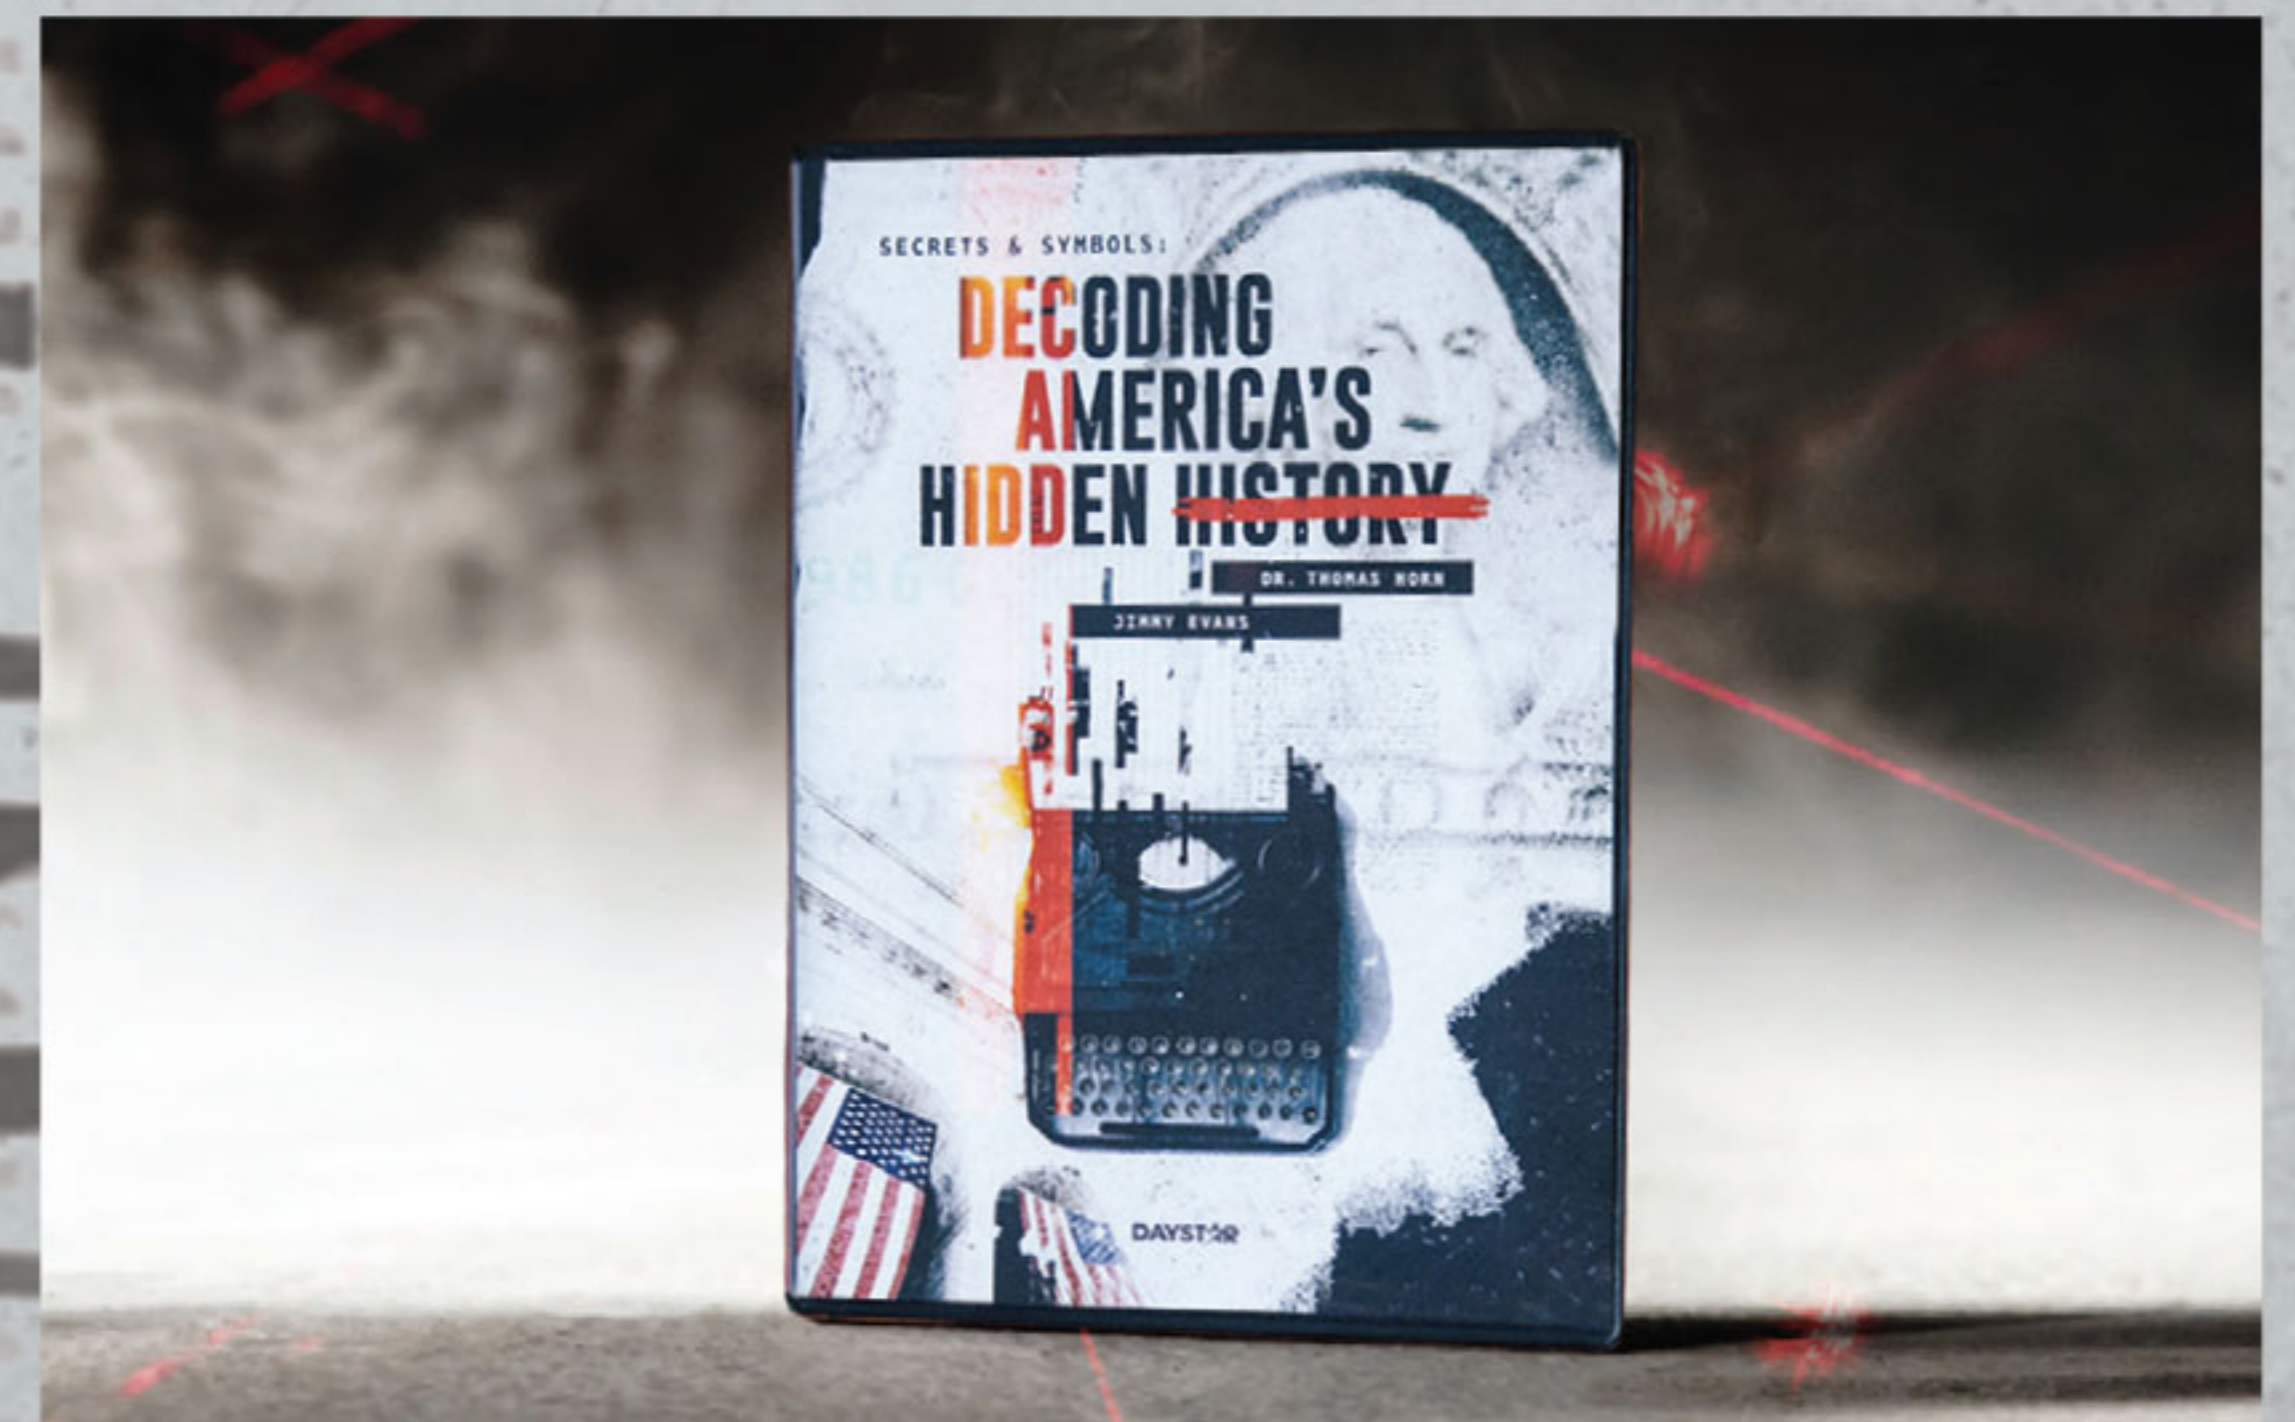

Now, more two centuries later, you can visit the illustrious Capitol Building in Washington, D.C., but where you expect to find the eternal monuments of American patriotism, **there lies hidden in plain sight another testament of a darker vision.** From Greek deities to a circle of pentagrams, the presence of such things points to a future hope shrouded in secret and occultist practices.

How did these mystic roots find their way into the American tapestry, and why do so many centralize around the U.S. Capital? Exploring this very question, Thomas Horn along with Jimmy Evans take a look at some lesser known parts of the history of the United States and share

some **startling revelations that expose a secret agenda** that ties modern day America to both the occult practices of Ancient Greece and Ancient Egypt in the riveting, exclusive DVD, ***Secrets & Symbols: Decoding America's Hidden History.***

Now you can bring home this powerful, two-part DVD, that will challenge what you think you know about the founding of this country and reveal what's really at work behind current events. **To get your copy, use the enclosed form to give a special gift to help Daystar** continue to bring truth and shine the light on the spiritual battles we are facing in our world today.

Don't miss this deep dive into the history of the nation you only thought you knew...

My dear friends,

One thing I love about November is that it's a time of year we reflect on all we are thankful for. In my life, I am so thankful for my family, their love for one another, and their passion for the things of God. I am also thankful for all of you who have stood by us this year so faithfully since Marcus was promoted to Heaven.

Over this past year, we have continued to stand for truth in the face of adversity covering topics that are often censored by media and social platforms, and our resolve has grown even stronger! We continue to thrive as we take on issues dealing with injustice and persecution, and most importantly, we've worked hard to reach more people with the Gospel and bring hope to those who are living through dire circumstances.

One monumental answer to prayer that we saw this year here in the United States was the Supreme Court overturning *Roe vs. Wade*. I have long been an advocate for the unborn and for the women who've suffered the pain and heartbreak of abortion. It's my heart that every child has a chance at life, and that no woman regardless of her circumstances feels like she has no other option but abortion. We praise God for bringing this to pass.

We also recently wrapped up another successful *Heart for the World*. I am also so grateful for every single one of you who gave this October. Words cannot express how much it means to me personally that each of you are standing with Daystar so that every soul on this planet has the opportunity to know Jesus. You make it possible for Daystar to share God's Word with the nations.

Please continue to pray for salvations, for a great awakening, for truth to be revealed, for people to be delivered and set free, and for fresh boldness in the Body of Christ to stand on God's Word and walk in the authority of Christ. And as we enter this holiday season, it is my prayer that you would remember how important family is and that God would give you the opportunity to share the love of Jesus with those around you.

Yours for Christian Television,

Gene Bailey hosts *America Stands*

I asked Daystar to pray with me for a new job working remotely due to family needs. We prayed specifically for a stress-free work environment. God answered our prayers exactly! He has moved in our lives and blessed us so much that I had to personally thank you for praying with me. I thank God for you!

I have been watching Daystar for 23 years and it has made such a difference in my life! Because I work nights, it can be difficult to get to church. I go as much as I can, but Daystar is always here for me with many ministers that have blessed my life. I have had miracles of healing as the presence of God is in my house! Thank you!
