Empowering the Gospel
JONI LAMB

After suffering tragic loss in my family, I went down a dark path. I divorced my husband, began using drugs, drinking, and even tried to take my own life. I couldn't see a way out of my sadness. Finding Daystar saved my life. Thank you for introducing me to Jesus and teaching me His Word! I'm eternally grateful.

LIVING REVIVAL

with Jonathan Shuttlesworth

What comes to mind when you initially hear the word "revival"?

JS: Revival is a spiritual awakening among God's people that affects families, cities, regions, and nations. It's a move of the Spirit that stirs the spirits of men to do things for God. It's a move of the Holy Spirit that silences the afflictions of God's people. It's a move of the Spirit that makes God's Word come alive in the midst of the people. It's a move of the Holy Spirit that causes people to pray and intercede. It's a move of the Spirit that causes going to church to become a way of life.

What role has revival had on changing or impacting history for the better?

JS: Whether it's in the Bible, in World History, or in the History of the United States, you see a continual cycle of people falling away from God and then God raising up one man or one woman with His Word and with His Power that grabbed those people and pulled them back to God. And revival never changes the nation for the worse; it always changes it for the better.

Some people reserve miracles as something only experienced in the past. What evidence do we see of God still performing miracles today?

JS: The greatest evidence that God still performs miracles today is that He said, in Malachi 3, "I'm the Lord God, and I change not." The Bible also says, in Hebrews 13, "Jesus Christ is the same yesterday, today, and forever." So, nowhere in the Bible does it give any indication of any kind that miracles have died out. Only religious institutions have taught that. I will say, personally, I've seen more miracles break out last year in our meetings than probably the 20 years before that put together. And I mean miracles: blind eyes opening, muscular dystrophy and paralysis disappearing, people that were almost dead--weighing under 100 pounds--come back to life and regain use of their limbs. So, I see that happening, and it is further proof that God's Word is true.

What do you believe is still needed in the American church in order to carry out true faith and revival?

JS: A return to fasting and prayer, a return to the ministry of the Word, and a return to faith in God's Word-- to believe Him to do what only God can do for people.

What does it look like to walk in the power and authority of the Holy Spirit right now?

JS: It looks the same as it always has. It is not difficult. I once met with an old preacher, and he told me of an older minister who had passed on. This older minister had a major miracle ministry, and the preacher that I was meeting with once asked him, "What's the secret to having the kind of miracles that you have?" This older minister was seeing incredible miracles such as children who were born blind completely healed. The old minister said, "Do you have a Bible?" The man answered, "Yes", and passed him his Bible. That old minister opened it up, held it in front of his mouth, and said, "Believe it."

And that's all there is. Mark 16:17 says, "These signs will follow those that believe." Signs and wonders are the inheritance of those who have a heartfelt belief that their God is alive, that Christ conquered death, that Christ conquered the devil, and

that Christ has given them power.

What are some things you believe hold believers back from experiencing all that God has for them, and how can they overcome those things?

JS: The Bible says, in Proverbs 13:20, "They that walk with the wise will become wise themselves, but the companion of fools will be destroyed." Many people don't put a priority on hanging around people who have the power of God. My life was influenced at a young age by older men of God. I was in their meetings or knew them personally as a preacher's kid; these men carried God's power. They weren't just professional preachers; they were men of God. Even to this day, I make it a point to seek out great men of God and hang around them and enjoy their ministries as much as possible. What you make a place for in life becomes a part of your life, and most people don't make a place for the Holy Spirit. But, if you build the ministry of God's Word and the ministry of God's power into your life, it will have a great effect on you.

What would you say to someone who has prayed a thousand prayers and is still waiting on their breakthrough?

JS: The Bible tells us the prayer of faith saves the sick; T.L. Osborne added, "unlike the prayer of unbelief, which does nothing for anyone." Just because you pray, it doesn't guarantee answers. The Bible talks about, in the Book of

James, that a double-minded man can ask all he wants, but he should have an expectation to not receive anything from God because he's double-minded. So, if I'm not seeing an answer to whatever area I'm praying in, I need to develop my faith in that area. So, I would tell that person, if they are praying for healing, get materials on healing from men and women that God used to heal the sick. If it's for your family, the same. If it's for finances, get materials that deal with what the Bible has to say on finances and build your faith so that you won't ask amiss. You'll ask in faith and see the answer to your prayer.

What do you believe God is speaking over this year, 2023?

JS: The word the Lord gave me for 2023 is out of Psalm 37: "The righteous shall possess the land and shall dwell therein forever." I believe the church of the Lord Jesus Christ is going to fill the spiritual vacuum that's in America right now, that this is going to be a year of great advancement for the Church of the Lord Jesus Christ and the people of God, and that this will be a very bad year for the devil.

How does understanding the limitless capabilities of our God change the way we approach the fears of everyday life?

JS: Oh, that's a great question. It's everything. When I know how great God is, I have no respect for potential problems in my life because God is greater than everything that the enemy could ever bring against my life. He's made all things that pertain to life in godliness available to me and available to you. So, when the Bible says, "Don't worry or have anxiety about anything, but cast all your cares on him for he cares for you" (1 Peter 5:7), I have reason to do that because my God is great, and my enemy is defeated.

You'll ask in faith
and see the answer
to your prayer.

BABY BROWN, WE CAN'T WAIT TO MEET YOU!

Hello Everyone!

We are one month into the New Year, and I am excited for what God has in store for Daystar in this new season. We have been getting a tremendous response from the launch of Daystar Español, and my family and I just returned from a powerful time of worship and soaking in God's presence at the 2023 Planetshakers' Conference.

One of the things I love about being with Planetshakers is their passion for God's glory and experiencing it by submitting to what the Holy Spirit wants to do in each service. Many of you watched some of the powerful sessions right here on Daystar with messages from Russell Evans, Reggie Dabbs, Samuel Rodriguez, and At Boshoff. If you missed any of these anointed services, you can watch them online at Daystar.com/OnDemand. And if you didn't see the special interviews I was so blessed to be able to do with the newly elected Israel Prime Minister Benjamin Netanyahu and with Robert Kennedy Jr. on the legacy of his father, then you'll definitely want to go check those out too!

We are also hearing from so many new viewers since launching *Joni Table Talk* on A+E and the FYI Network. This has been such a great opportunity for reaching more people with a message of hope and encouragement, and we are believing that we will continue to be a beacon of truth while sharing Jesus with more new people than ever before. And it's because of partners like you that any of this is possible.

I am also very excited about the upcoming, latest addition to our family. Josh and Rachel announced recently that they are expecting baby number two, and this will be my sixth grandchild! Let me tell you, I could not be more excited. God is growing my family and blessing us so immensely.

Please continue to pray for Daystar and empower the Gospel to reach the nations as we step into this new season. Spring is just around the corner, and God is birthing new things in my life and at Daystar. I can hardly wait to share more about that with you, and I pray that the Lord would pour out his favor on you and your family as you walk in faith and dare to follow God wherever He leads you.
